

A+ Certification

School: SoCal ROC
Course ID: 516
Availability: Call 310-224-4200

Short Description

Prepare to enter the booming technology repair field!

Description

Prepare to enter the booming technology repair field! This class is designed for the individual seeking to become an IT professional or PC technician. To be certified in A+, the candidate must pass both the A+ Essentials exam and the A+ IT Technical exam. Specific aspects of these exams that students are prepared for in the course include installation, configuration and upgrading, diagnosing and troubleshooting, preventive maintenance, motherboard/processors/ memory, printers, and basic networking. Students will have the opportunity to acquire a voucher through SoCal ROC that reduces cost of industry A+ Certification exams. Prerequisite: students must pass the Computer Technician course or have similar experience.
