## Description

# Accelerate Your Future at SoCal ROC!

This course provides advanced-level training designed to teach adult students the knowledge and entry-level skills necessary to perform as dental health care professionals. Students are taught to assist in all phases of general dentistry and dental specialties including Prosthodontics, Oral surgery, Periodontics, Endodontics, Orthodontics, and Pediatric Dentistry. Students will be taught to perform chairside assisting and lab procedures. Students will be trained and licensed in taking dental x-rays and certified in Coronal Polishing, Infection Control, Pit & Fissure Sealants, California Dental Practice Act and HIPAA.

Upon completion of the program, students will be eligible to take the California State Board Examination for licensure as a Registered Dental Assistant (RDA). The Dental Board of California has approved the RDA Program. The program includes a 160-hour externship.

- **Professional Certification Opportunities!**

- Designations offered to students completing the Registered Dental Assisting program include

- 1. Dental Radiology Safety Compliance, Dental Practice Act, Coronal

- Polishing, and Infection Control Certificates
- 
- 2. Immediate eligibility to take the California RDA State Board Exam

## **Checkout Potential Career Options!**

Employment opportunities include entry-level positions in General Practice Dentistry.

Successful completion of this course will strengthen the student's ability to continue education in the dental field such as a Registered Dental Assistant in Extended Functions, Hygienist or Doctor of Dental Surgery (D.D.S.).
