

Computer Technician

School: SoCal ROC
Course ID: 515
Availability: Call 310-224-4200

Short Description

This could be the first step toward your new career.

Description

Classroom instruction and laboratory experience are designed to empower students with a thorough understanding of computer hardware and software, as well as of computer maintenance and repair procedures. Students who enroll in Computer Technician may have the opportunity to transfer to A+ Certification after one month of attendance upon approval by the instructor. There is an additional fee of \$100.00 that will be due when transferring to A+ Certification.
