Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage

upied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

D.	Prelimina	ary carry-forward adjustment (Line C1 or C2)	299,478.27
E.	Optional	allocation of negative carry-forward adjustment over more than one year	
	the LEA	negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA meterorated adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment be an engative rate, the CDE will work with the LEA on a case-by-case basis to establish	ay request that ustment over more

Provide methodology and assumptions used to estimate revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments). Deviations from the standards must be explained and may affect the interim certification.

Note: This form is the same as the school district criteria and standards review except for the average daily attendance, enrollment, ADA to enrollment, LCFF revenue, and ongoing and major maintenance account criteria, which are not applicable to JPAs, and the salaries and benefits and deficit spending criteria which measure unrestricted expenditures for districts but total expenditures for JPAs. The criteria and standards review should be completed only to the extent that individual components apply to each JPA, and with concurrence from the reviewing agency.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

This criterion is not checked for JPAs.

2. CRITERION: Enrollment

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The JPA must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the JPA governing board and superintendent.

Southern California Regional Occupational Center

2019-20 Budget Assumptions

Fund 1 - Revenue

Carl Perkins

Carl Perkins allocation was budgeted for 2019-20 at \$19,125. Since developing the budget, we were awarded additional funds. To date, we have not received any funds. There is a negative balance of \$3,212. This should balance out with the revenue we receive.

Resource 0000

Revenue in the amount of \$1,166,436 is included in the budget for the "Pay for Play" funding model. JPA Districts will pay \$1234 for prior year HS student enrollment (2018-19) in Center courses. We are also scheduled to receive \$2,000,000 from AB99.

SoCal ROC has projected declining amounts in revenue for 2020-21 and for 2021-22 fiscal years due to a pattern of declining enrollment from our JPA schools. We are looking for additional funding opportunities to increase our revenue. The staff is monitoring its spending carefully to avoid excessive spending. They are required to utilize program-based budgeting to ensure all expenditures are relevant to their job responsibilities and necessary for their job duties.

We are also having a financial analysis performed by School Services of California to develop a new funding model that can sustain the school. This evaluation is scheduled to be completed by February 2020.

Adult Fees

Monies received from adults paying for fee-based classes are an additional funding source. Adult fees were budgeted at \$800,000 in the Board approved budget in June 2019. SoCal ROC has projected \$900,000 in adult fee revenue for 2020-21 and for 2020-21. We will be increasing course fees and looking to add additional courses to the schedule.

Lease payments

SoCal ROC leases property and office space. Lease payments in the amount of \$300,000 have been included in the 2019-20 budget. We are exploring creating a partnership that will allow us to increase lease revenue.

CalWorks

SoCal ROC has projected to receive approximately \$2,000 in Cal Works funding for 2019-20.

Multiyear Projections

The Multiyear Projections for 2019-20 shows revenues totaling \$4,726,276 and expenditures totaling \$5,206,071. We will be deficit spending due to not receiving any CTEIG funds. We are applying for these funds for the 2020-21 fiscal year. We are receiving \$2,000,000 in AB99 funds from the State to assist SoCal ROC in transitioning to the Local Control Funding Formula. The plan is to have the money in reserves to assist with expenses in case no further assistance will be provided by the State. AB99 has also allotted \$1,000,000 for the 2020-21 fiscal years. In 2020-21 and 2021-22 of the multi-year projections, SoCal ROC shows a budget of:

2020 - 21

Revenues: \$4,428,485 Expenditures: \$5,190,734

2021-22

Revenues: \$3,428,485 Expenditures: \$5,691,454

In order to handle the deficit spending, SoCal ROC is continuously looking to create new partnerships and add additional districts to the JPA. We expect to have possible solutions for creating sufficient revenue to sustain the school once the financial analysis is completed.

Fund 1 - Expenditures

Salaries

Salaries (both certificated and classified) have been budgeted at \$3,257,021 in the June 2019 Board approved budget. The same amount has been budgeted for 2020-21 and 2021-22.

Benefits

Benefits have been budgeted at \$606,180 in the June 2019 Board approved budget. The same amount has been budgeted for 2020-21and 2021-22. However, it is likely that the increase in PERS and STRS will cause those costs to increase. Insurance costs are

adjusted based on information received from insurance carriers and on the amount projected for retiree benefits. This information is reviewed on an annual basis.

Supplies

Supplies have been budgeted at \$326,626 in the June 2019 Board approved budget. The same amount has been budgeted for 2020-21and 2021-22. We are not anticipating a significant change in the amount of funds that will be spent on programs.

Other Operating Expenses

Nothing has been budgeted for this.

Fund 11 – Adult Education

This is a new fund. There is currently \$11,835 in this fund. Zero dollars have been projected for 2019-20 and 2020-21.

<u>Fund 14 – Deferred Maintenance</u>

The Board approved budget includes \$100,000 to spend out of Fund 14 for Deferred Maintenance in 2019-20. Zero dollars have been projected for 2020-21 and 2021-22.

Fund 20 – Special Reserve Fund for Postemployment Benefits

Nothing has been budgeted for this fund.

Fund 40 – Capital Outlay

The Board approved budget includes \$150,000 to spend out Fund 40 in 2019-20. Zero dollars have been projected for 2020-21 and 2021-22.
