

2024 SUMMER COURSE CATALOG

Career Technical Education

Invest in your future and gain a competitive edge this summer by acquiring practical, job-ready skills and certifications in a short period. So why wait? Dive into a Summer CTE course and take the next step towards a brighter, more empowered future!

SOUTHERN CALIFORNIA
REGIONAL
OCCUPATIONAL
CENTER

2300 Crenshaw Blvd, Torrance Ca 90501

About Us!

SoCal ROC is part of the California public school system that provides Career Technical Education opportunities for high school and adult students. SoCal ROC offers more than 30 different courses, each part of a sequential pathway, approved by the California Department of Education.

Our CTE classes cover a wide range of fields, from construction trades to healthcare to creative media. They're not only about gaining knowledge; they're about applying what you learn in real-world scenarios. This hands-on approach ensures that you gain valuable experience, making you job-ready the moment you complete your course. Plus, our experienced instructors are industry professionals who care deeply about your success and are there to guide you every step of the way.

Courses are open to high school students, grades 9-12 and adults interested in retraining, moving up in their career, or changing careers. High School students attending schools in El Segundo USD, Inglewood USD, Manhattan Beach USD, Palos Verdes Peninsula USD, Redondo Beach USD, and Torrance USD can attend Fall and Spring courses free of charge and if needed can be provided transportation to our facility. However, any high school student regardless of geographic residence may enroll at the Center.

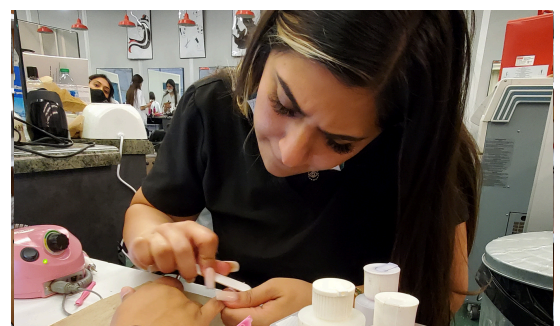

Advance Your Career. Start Today.

Don't let this summer pass you by! Enhance your skills, meet like-minded peers, and take a significant step towards your professional growth.

REGISTRATION AND GENERAL INFORMATION

Registration

In-person registration for summer and fall classes are now open. Registration is completed on a "first-come, first-served" basis. Late registrations are accepted if space is available. Classes must have the required minimum number of student registrations as of the first class. Classes may be closed due to lack of enrollment. Course times and/or instructors may be subject to change based on course or program needs. To access course requirements and prerequisites please call registration at 310-224-4200.

How to Register

Adult and High School students register in-person at the Center in Torrance. Our registration office is located at 2300 Crenshaw Blvd, Torrance Ca 90501. For more information regarding the overall registration process, contact the Registration Office at (310) 224-4200 or contact us at info@scroc.k12.ca.us. This tentative schedule as of 06/10/24 is distributed for information and registration purposes. SoCal ROC will provide updated schedules as needed.

Fees

Fees for all classes will be charged as noted. All fees are payable at time of registration. Please note students pay a fee per class that includes a non-refundable registration fee of \$25 and books and supplies are not included in the class fee. All high school students including in our Joint Powers Agreement (JPA) District students have to pay the course fee and books and supplies.

Financial Support

Interested in Advancing Your Career but not sure if you can afford it financially. Here at SoCal ROC we completely understand and provide several different options for tuition assistance. Along with partnering with agencies such as the Department of Rehabilitation, South Bay Workforce Investment Board, and CA Employment Development Department we also offer a 20% fee waiver program to those who qualify. In addition, Adult students can sign up for the SoCal ROC Reimbursement Program an initiative of the US Department of Labor - Employment and Training Administration (ETA). For additional information visit www.socalroc.com/reports-and-policies/adult-division/financial-support

High School Information

SoCal ROC offers CTE courses to high school students regardless of geographic residence. High School students can earn elective credit and some courses are A-G approved. Grades and credits will be awarded from SoCal ROC at the completion of the summer session.

Uniform Complaint Procedure

Southern California Regional Occupational Center is committed to upholding the rights of all school stakeholders to access the benefits of public education in a supportive, equitable and caring environment. Should you have concerns about any type of misconduct, harassment, bullying, or non-compliance with Board policies, or State or Federal laws, you may file a formal complaint by using the Center's Consolidated Complaint Form found on our website or the registration office.

Discrimination Prohibited

No person shall on the basis of race, color, ancestry, national origin, gender, marital status, handicap, age, religion, or political beliefs, be denied in the benefits of, or be subjected to discrimination in any education program or activity.

Accreditation

The Southern California Regional Occupational Center is accredited by the Western Association of Schools and Colleges (WASC) for secondary academic programs.

Refund Policy

Before you register, please be aware that there is a \$25.00 non-refundable registration fee on all refund requests, even if you have never attended. After attending one or more class sessions no refunds will be granted.

KEEP YOUR RECEIPT IN A SAFE PLACE

No refund will be granted without the original receipt. You have up to two weeks from the time class starts to request a refund providing you have not attended after the first class meeting. The administrative fee for a live scan may be refunded providing the live scan has not been completed.

Please note; \$25 processing fee for returned check.

For more information regarding student information on Southern California Regional Occupational Center's policies and procedures, financial support, and course information, please visit our website.

MISSION AND VISION STATEMENT

Mission Statement

The mission of SoCal ROC is to provide all students through industry-linked programs the skills and knowledge necessary to attain their career goals in order to become economically self-sufficient and be a successful contributor to society and a global economy.

Our belief system and foundation is focused on our Schoolwide Learning Outcomes (SLOs):

Students will develop and execute a multi-year career plan by:

- Understanding Career Pathways
- Identifying a career area of focus
- Enrolling in a course within a Career Pathway
- Demonstrating job specific skills/competencies necessary to attain a course certificate
- Developing job readiness skills
- Pursuing training to advance in a Career Pathway
- Demonstrating knowledge of future career options

Students will demonstrate professional behavior in the workplace by:

- Communicating effectively
- Demonstrating leadership qualities that contribute to the organization
- Effectively managing time
- Building relationships through collaboration and teamwork
- Thinking critically/solving problems
- Dressing appropriately for a career
- Demonstrating flexibility, resiliency, and perseverance

Students will anticipate and adjust to ongoing economic and workforce trends by:

- Demonstrating entrepreneurial characteristics
- Demonstrating technological literacy
- Being resourceful and innovative
- Using resources to acquire knowledge
- Setting priorities and adapting as priorities change
- Taking courses that are aligned with current industry standards

Students will understand and demonstrate ethical and legal behavior by:

- Understanding and complying with all school rules and workplace regulation
- Treating all people with respect
- Demonstrating appreciation for cultural diversity
- Demonstrating honesty and integrity
- Demonstrating responsibility and accountability in fulfilling community and workplace roles
- Demonstrating appropriate customer service skills

Our Vision

All students will have the opportunity to participate in a high-quality, rigorous, and relevant course of study made up of Career Technical Education (CTE) courses aligned to CTE Standards and Academic standards. Courses shall be reviewed on an annual basis with industry partners so as to meet industry standards and expectations ensuring that skills and theory taught will prepare students for further study and preparation for high skilled, high wage, and technologically “green” focused career areas of today and tomorrow.

Media Design I (Photoshop)

July 8, 2024 - Aug 29, 2024

In a fun and creative environment students will learn how to blend images together to create logo designs, corporate and brand identity designs, movie poster designs, album cover designs, graphic t-shirt designs, and character art designs. This course introduces the student to the basic skills needed to succeed as a graphic designer and prepares students to advance to our Media Design II (Illustrator) class.

(Hybrid)

#9248 | Media Design I | Monday - Thursday | 4:15pm - 7:00pm | \$700

*High School students can earn 5 elective credits

SCHOOL OF ENGINEERING AND DESIGN

Welding

July 8, 2024 - Aug 29, 2024

SoCal ROC's welding program consists of four modules and prepares students for an in-demand, lucrative career in the welding industry. We offer the flexibility and industry training you need to jumpstart your career and to prepare for the L.A. City 3G and 4G structural exam.

(In-person)

#TBD | Welding I | Monday - Thursday | 12:00pm - 3:00pm or 4:00pm - 7:00pm | \$1,100

#TBD | Welding II | Monday - Thursday | 12:00pm - 3:00pm or 4:00pm - 7:00pm | \$1,100

#TBD | Welding III | Monday - Thursday | 12:00pm - 3:00pm or 4:00pm - 7:00pm | \$1,100

#TBD | Welding IV | Monday - Thursday | 12:00pm - 3:00pm or 4:00pm - 7:00pm | \$1,100

*High School students can earn 5 elective credits

Heating, Ventilation, Air Conditioning (HVAC)

July 8, 2024 - Aug 22, 2024

SoCal ROC's HVAC program consists of two modules and prepares students for a high skill, high demand, high wage career as a HVAC technician. Students will learn how to install, operate, and repair heating and air conditioning systems through project-based experiences and hands-on training in residential and commercial ventilation.

(In-person)

#9508 | HVAC I | Monday - Thursday | 8:45am - 12:45pm | \$800

*High School students can earn 5 elective credits

Automotive

July 22, 2024 - Sept 5, 2024

Jumpstart your career in the Automotive Industry! Our program consists of four Automotive modules and two engine performance modules. Each module is aligned with Automotive Service of Excellence (ASE) certifications. ASE, is short for the National Institute for Automotive Service Excellence.

(In-person)

#9559 | Automotive I | Monday - Thursday | 8:00am - 4:00pm | \$1,200

#92559 | Automotive II | Monday - Thursday | 8:00am - 4:00pm | \$1,200

#93559 | Automotive III | Monday - Thursday | 8:00am - 4:00pm | \$1,200

#94559 | Automotive IV | Monday - Thursday | 8:00am - 4:00pm | \$1,200

*High School students can earn 10 elective credits

Anatomy and Medical Terminology

July 8, 2024 - Aug 29, 2024

Develop a fluency and gain confidence in the highly specialized language of health. Our Anatomy and Medical Terminology course prepares high school and adult students to analyze, define, pronounce, and comprehend medical language. The subject matter covered in this course can be applied across all fields of healthcare and can help separate our students from the saturated pool of students seeking admissions into medical programs.

(Hybrid)

#9493 | Anatomy and Medical Terminology | Monday - Thursday | 1:00pm -4:00pm | \$800

*High School students can earn 5 elective credits

Sterile Processing Distribution Technician

June 24, 2024 - Sept 3, 2024

The SPDT program prepares students for an exciting career in Sterile Processing Distribution. Following the COVID-19 pandemic, healthcare facilities have placed an increase emphasis on sterilization and avoiding cross-contamination which has led to a high-demand for qualified SPD technicians. No prior experience is needed and acts as a great introduction to the healthcare field. SPDT positions work at all hours of the day and offer a flexible schedule in a full-time, part-time, per diem, or traveling role. **(externship will be offered in the Fall for additional fee)**

(Hybrid)

#9429 | SPD Technician | Monday - Thursday | 4:00pm - 9:45pm | \$1900

* High School students can earn 10 elective credits

Dental Assisting

July 8, 2024 - Aug 29, 2024

This course provides entry-level extensive hands-on training in the unlicensed field of Dental Assisting. This program is designed for adults with no prior experience who want to serve as entry-level Dental Assistant while working to become eligible to sit for the RDA exam.

(In-person)

#9410 | Dental Assisting | Monday - Thursday | 8:00am - 2:00pm | \$1,600

*High School students can earn 10 elective credits

Medical Front Office

July 8, 2024 - Aug 29, 2024

This program is designed to prepare students to obtain an entry- level position in the front office of a doctor's office or medical clinic. Students learn administrative office skills including: receptionist duties, telephone techniques, appointment scheduling, introduction to insurance claims processing, financial management of the office, written communications, terminology and abbreviations.

(Hybrid)

#9414 | Medical Front Office | Monday - Thursday | 9:00am - 12:00pm | \$800

*High School students can earn 5 elective credits

Veterinary Assistant

July 8, 2024 - Aug 29, 2024

Our Veterinary Assistant course is an introductory course designed to act as a starting point for students interested in pursuing a career working with animals as an animal trainer, veterinarian, zookeeper and so much more! Upon successful completion of this course, students will be qualified to compete for Veterinary Assistant position and have fundamental knowledge to further their course of study at SoCal ROC and take our Veterinary Science course!

(In-person)

#9223 | Veterinary Assistant | Monday - Thursday | 8:00am - 2:45pm | \$1,150

*High School students can earn 10 elective credits

SCHOOL OF PUBLIC AND CONSUMER SERVICES

Summer Cosmetology Classes

In a “salon environment” our Summer Cosmetology classes offer an opportunity for students to learn and/or get better at a valuable skill from a certified instructor. **Must be 16 + to enroll.**
